REVIEW OF CONGRESS

What Has Been Accomplished by the First Session.

IMPORTANT BILLS.

Exceptional Business Activity Has Been on for Seven Months and Measures of Far-reaching Interest Disposed of—Adjournment.

Washington, June 30.—The work of congress is now practically closed, so that it is possible to sum up the record of what has been accomplished during the past seven months, which constitute the first session of Fifty-seventh congress. The session has been marked by exceptional business activity with many questions of far-reaching general interest engaging attention. With the exception of the Cuban reciprocity bill most of the larger subjects of general legislation have been enacted as laws or will become such before the session closes. Notable among these larger measures is the isthmian canal bill, which consummates the efforts of a half century to link together the waters of the Atlantic and the Pacific. Aside from its national and international importance, this bill probably involves a larger sum of money than that covering any other single undertaking by the government outside of war expenditures. The Philippine civil government bill is another measure of far-reaching importance, extending to our remote Pacific possessions a system of international government, together with coinage, currency, banking, corporations, a timber and homestead law.

Among the other important general laws enacted are those repealing the war revenue taxes; extending and making more effective the Chinese exclusion laws; establishing a tariff for goods to and from the Philippines; extending the charter of national banks for twenty years; establishing a permanent census office; restricting the sale of oleomargarine by placing a high tax on imitation butter; providing a consular and diplomatic service for Cuba and establishing an extensive system by which the government will aid in the irrigation of the arid sections of the west.

The repeal of the war revenue taxes reduced taxation \$75,250,000, and is said to be the largest single reduction of taxation ever made in this country. By this step the last of the taxes imposed at the beginning of our war with Spain was wiped out.

The Philippine tariff act imposes 75 per cent of the Dingley tariff rates on articles coming from the Philippines from the United States the rates of duties established by the Philippine commission.

The oleomargarine act results from several years of agitation. It places a tax of ten cents a pound on substances colored to imitate butter.

The irrigation act is of special importance to the development of the west. It creates an irrigation fund in the treasury department into which is to be paid the proceeds of the sale of public lands in the arid states. This fund in turn is to be used in storing water and establishing irrigation systems, the irrigation sections to be open to homesteaders, who are to be charged a proportionate share of the cost of the improvement.

The Chinese exclusion law continues exclusion "until otherwise provided by law" and also applies the exclusion "to the island territory under the jurisdiction of the United States."

Aside from these important laws, there are a number of other measures of general importance which have passed one or both houses, but have not progressed to the final stage. These include the anti-anarchist legislation which grew out of the assassination of President McKinley. Bills restricting anarchy and throwing safeguards about the president have passed both branches of congress, but it has been possible to reach an agreement in conference, so that subject goes over.

A bill giving statehood to Arizona, New Mexico and Oklahoma, known as the omnibus statehood bill, passed the house and the senate has determined to take up the matter early in the next session.

The ship subsidy bill secured early attention in the senate but the end of the session has come without the measure being reported to the house. As it passed the senate the bill grants graded subsidies to steam and sailing vessels of American build. In the house it has been deemed desirable to let the subject go over until the short session, when it is expected that a bill on the subject will be reported and urged to passage.

The bill creating the Appalachian forest reserve, including a vast tract in the Appalachian mountains of the south, has received favorable attention in both houses, but has gone over for final adjustment of differences until next December.

Another bill passed by the senate and likely to become a law, the marine hospital service to

national health bureau and gives the bureau larger powers and facilitates cooperation with the state health authorities in quarantine and health affairs.

The bill to establish a cable between the United States, Hawaii and the Philippines was retired by defeat in the house.

Several other measures have advanced to a certain stage and have then halted without much prospect for further advancement. These include the bill for the election of United States senators by direct vote of the people. It passed the house by practically a unanimous vote but in the senate has received little attention and is not likely to pass.

The house passed a bill relating to the immigration laws, codifying and amending these laws relating to important changes. It has been reported to the senate but there is not much prospect of its passage at this session. The bill defining the meaning of conspiracy in injunction cases passed the house of representatives but has not made much progress in the senate.

The senate passed an important measure creating a department of commerce, to be presided over by a cabinet officer, but it has made no progress in the house, not having been reported from committee.

Another bill of interest to the commercial world is the pure food measure which was drafted by the pure food congress, and after extended hearings was reported from the house committee on commerce, but not passed.

The Fowler bill was probably the most important financial measure which has been brought before congress. After considerable public discussion and several conferences by the members of the house it has gone over for consideration until next December. Another financial measure, known as the Hill bill, providing for the coinage of subsidiary silver and for the retirement of the present standard silver dollar, has passed the house, but has not been acted on in the senate.

Among the other important measures of general legislation now before congress, which have been finally enacted as laws, are the following:

To prevent the sale of firearms, the opium and intoxicating liquors to the natives of certain of the Pacific islands; to promote the efficiency of the revenue cutter service and to provide for the retirement of its officers; to refund the duties paid in Porto Rico on articles imported from the United States during the military occupation; appropriating \$200,000 for the relief of the volcano sufferers at Martinique; authorizing the erection of Y. M. C. A. buildings on United States military reservations; regulating the introduction of English game birds for the purpose of propagation; providing for the protection of game in Alaska; extending an invitation to the French government to participate in the unveiling in Washington of the statue of Marshall de Rochambeau; refunding a amount of legacy tax paid by charitable, benevolent and eleemosynary institutions.

The amount of appropriations for the session will run unusually high, owing in part to the amount required to build the isthmian canal. When Mr. Cannon submitted a general estimate of appropriations a few weeks ago, he made the total up to that time \$691,445,000. Since then the canal bill has passed, carrying a present appropriation of \$40,000,000 for the franchise and enough more for the rights of Colombia and for beginning the work, to carry the total up to \$50,000,000. The entire cost of the undertaking is approximately \$184,000,000. Mr. Cannon's estimate also omitted contracts for future expenditures, including the omnibus public buildings and various other bills, aggregating a large amount. This will carry the total for the session, figuring in these future accounts, almost, if not quite, up to the billion-dollar mark.

END OF CONGRESS.

It Is Believed Adjournment Will Come by Wednesday.

Washington, June 30.—The exact time when the present session of congress shall come to a close cannot be foretold until there is definite information as to when an agreement will be reached on the Philippine civil government bill. However, the general consensus of opinion places the adjournment not later than Wednesday.

Of the appropriation bills only the general deficiency and naval bills remain to receive the finishing touches. There are still some points of difference on each of these measures between the two houses, but none that cannot be harmonized whenever the Philippine bill shall be out of the way. Neither house will attempt much other business.

The senate calendar contains a number of measures which can be discussed, and there is an understanding in the house that the militia bill shall be used as a basis for discussion to fill in the time when conference reports are not at hand for consideration. There also is an understanding that the London dock charges bill shall be taken up under a suspension of the rules after the adoption of the resolution fixing the hour for adjournment. Both houses will close the session with exceptionally clean calendars.

Washington, June 30.—It is understood that the resolution for the adjournment of congress has been drawn in authoritative quarters and fix 3 tomorrow for final adjournment. The measure has not been introduced, but is

In Memory of President McKinley.

Washington, June 30.—A small tablet of white marble, bearing in letters of gold a brief statement of the life and deeds of William McKinley, the tribute of his friend, Judge Thomas H. Anderson, formerly of Ohio, but now a member of the district bench, was unveiled in the Metropolitan M. E. church here Sunday. The unveiling was attended with a simple ceremony in the presence of those who had helped the dead president to execute the will of the people.

WOODSON-TABOR.

Baptist Church Scene of Another Beau-
tiful Wedding.

Mr. Charles H. Woodson and
Miss Emily Tabor were united in
marriage at the First Baptist
church at 3:30 o'clock yesterday
afternoon by the pastor, Dr. W. C.
Friley. The church was filled to
the doors with friends of the con-
tracting parties. The decorations,
arranged under the supervision of
Mrs. W. S. Howell, were of palms,
smilax, ferns, moss and roses, taste-
fully disposed about the altar.

Miss Howell presided at the or-
gan and, before the arrival of the
wedding party, little Misses Norris
and George Tabor sang "You and
I," with great sweetness. A beau-
tiful feature of the ceremony was
the singing of the Lohengrin Wed-
ding Chorus by twenty little misses
who were pupils of the bride in
the public school. These were
Misses Fannie Fountain, Alberta
Adams, Norris and George Tabor,
Lucile DeMaret, Ida Wipprecht,
Mary Evans, Aline Rohde, Jessie
Lomax, Mary McInnis, Melvina
Tabor, Lula Tabor, Minnie Barrow,
Marcella Hurt, Willie McDougald,
Irene Board, Jessie Mawhinney,
Rowena Rhodes, Helen Peverly.

Miss Adele Tabor, sister of the
bride, was maid of honor, and Mr.
L. L. Stevens best man. The other
attendants were Miss Aubra
Tabor and Mr. George Smith.
Messrs. F. C. Oliver and J. F.
Ettle were the ushers. The ring
was borne upon a dainty pillow
by little Miss Helen DeMaret.
The party, including the minister,
entered with the singing of the
wedding chorus, and on reaching
the altar the little misses who car-
ried rose chains formed a semi-
circle in the rear of the altar, the
bride and groom faced the minister
and the other attendants stood on
either side, making a strikingly
effective group.

The words of the ceremony were
clear and impressive and the invo-

cation fervent. Mendelsohn's wed-
ding march was the recessional.
The choir of little misses preceded
the bride and groom and formed
on either side the walk leading
from the vestibule to the carriages
in waiting. The wedding party
was driven immediately to the
depot and left for Galveston to
spend a fortnight.

The bride's dress was of linen
silk tissue over white taffeta, with
opal silk trimmings. The bride is
a daughter of Mr. and Mrs. R. G.
Tabor and was raised in Bryan.
She is intellectual and accomplished,
and has been a teacher in the
public schools, in the regular work
of the school, and in the art de-
partment, and she was not only
successful in instructing her pupils
but also won their confidence and
lasting regard. She is also below-
ed by a large circle of friends who
wish for her the most perfect hap-
piness.

The groom, Mr. Woodson, came
to Bryan from Missouri several
years ago and has been employed
continuously in the dry goods
house of Wagner & Brandon,
where he is in charge of the dress
goods department. He is a thor-
ough gentleman in every sense of
the word and has won a high place
in the esteem of the people of Bry-
an.

Upon their return, Mr. and Mrs.
Woodson will be at home at the
residence of Mr. and Mrs. H. E.
Peverly.

The University of Texas cata-
logue is a volume of 342 pages, full
of information concerning the work
and equipment of the State's great
educational enterprise. With a
system starting with the primary
grades and extending through the
intermediate, grammar, and high

SEVERE STORMS.

Worst Was About Chattanooga Where
Lives Were Lost.

Chattanooga, Tenn., June 30.—Later
information from the storm of Satur-
day is that great damage was done to
farms in this section, fences, barns
and outbuildings having been blown
down in many places.

Miss Cora Kelly, a public school
teacher of this city, while driving
through a grove of trees in Meigs coun-
ty near Dayton, Tenn., was killed by
a falling tree. Her companion was in-
jured.

James Grayson proprietor of a saw
mill near this city and his sawer,
Jesse May were both killed, Grayson
by falling timbers of his mill and May
was thrown on the revolving saw and
his body almost cut in half.

Private Jos. Quirk, of the Seventh
regiment, while engaged in trying to
prevent a stampede of the horses in
the corral was trampled under the feet
of the terror stricken animals and
suffered injuries from which it is stated
he will die.

During a thunder storm at Harri-
man, Tenn., a fifteen-year-old daugh-
ter of Frank Dugger was struck by
lightning and killed. Mr. Dugger's
residence was burned to the ground
and a second daughter was severely
injured.

The Storm at Nacogdoches.

Nacogdoches, Tex., June 30.—Addi-
tional reports of the big storm Friday
night show that it was extremely de-
structive to farms, roads, bridges and
light edifices.

Its scope of destruction is limited
to this county, mostly to a tract of
fifteen or twenty miles in width east
and west, but greater north and south.

One death only is reported, a Mrs.
Bard, at Garrison, whose husband is
at Houston under treatment for blind-
ness. The ceiling of a house fell upon
her bed. Some other houses there
were wrecked.

Eighteen inches of rain fell in twen-
ty-four hours.

Four Days of Rain.

Lincoln, Neb., June 30.—Eastern
Nebraska has had four days of almost
continuous rainfall, flooding corn fields
and delaying the harvesting of small
grain. Some damage has been done to
wheat in the shock. The temperature
Sunday ranged in the fifties. A year
ago the thermometer recorded 103.

Washouts Numerous.

Longview, Tex., June 30.—

every culvert and trestle between Car-
thage and Timpson on the Texas.
Sabine Valley and Northwestern rail-
road was washed out by the recent
rains and no trains will run through
from Timpson to Longview for two or
three days.

Killed by Lightning.

Duncan, I. T., June 30.—During a
thunder storm here lightning struck C.
S. Clark's residence, partially wreck-
ing it, instantly killing his wife and
stunning him. Two children were also
asleep on the bed, which was wrecked.
The body of Mrs. Clark was ship-
ped to Pilot Point, Tex., for inter-
ment. Her parents reside there.

Damage at St. Louis.

St. Louis, June 30.—This city and
vicinity is the center of a rain storm of
unprecedented severity, that has pre-
vailed almost incessantly since Sat-
urday morning. According to the lo-
cal weather bureau reports 5.4 inches
of rain fell. Damage to property will
reach \$250,000.

Killed by a Torpedo.

Evansville, Ind., June 30.—Three
people were killed and three injured
in the tornado that passed over this
section Saturday night.

Eight Inches of Snow.

Denver, June 30.—The damage by
Saturday night's storm in Denver and
vicinity is estimated at from \$10,000 to
\$50,000. Snow fell to the depth of
eight inches in Leadville and many
other places in the mountains.

NEWS IN BRIEF.

Arick Boggs, a brakeman on the In-
ternational and Great Northern rail-
road at Palestine, Tex., was killed by
falling between the cars.

W. F. Thompson of Lockhart, Tex.,
fell from his wagon and broke his
neck.

William Faulkner of Hearne, Tex.,
was killed at Gasterly, Tex., in an elec-
tion fight.

Charles Forbes of Fort Worth, Tex.,
a boy 13 years old, shot his father. The
father asked him to do some chores
and he refused. His father attempted
to chastise him with the above result.

James Larsen of Texarkana, Tex.,
was shot twice by his father-in-law,
Patton.

All of the big coal mines in Missouri
are to be absorbed by the J. P. Morgan
syndicate.

Marie Henrietta, queen of Belgium,
is said to be dying of heart disease.

Mrs. Sophie Swanson of Moline, Ill.,
while suffering from delirium tremens,
burnt her 5-year-old child to death.

The first bale of new cotton was gin-
ned at Devine, Tex., by W. B. Adams &

TURNED MEN BACK.

Strikers Would Not Let Miners Go to
Work Until Officers Appeared.

Hazleton, Pa., June 30.—Notices have
been distributed by Pardee & Co.,
of the Hardwood colliery notifying the
strikers that when a majority of the
adult, outside and inside men, former-
ly employed there signify their desire
to return, the colliery will be started.
The men are instructed to quietly noti-
fy foremen of their intentions.

Several hundred strikers, stationed
along the roads leading to the Drifton
colliery of Cox Bros. & Co., turned
back all men who reported for
work, with the exception of clerks and
the passenger crews of the Delaware,
Susquehanna and Schuylkill railroad.
When Sheriff Jacobs arrived the men
dispersed.

Killing Over Two Dollars.

New York, June 30.—A controversy
at Hempstead, L. I., over \$2 caused
a double tragedy. Felice Ravo, who
until recently boarded with Joseph
Carris, in the rear of his cheshop, left
without paying his bill in full, and
the latter kept the former's clothing.
The men met later in the street and
blows were exchanged. The quarrel
was renewed at a second meeting
when Ravo had a double barreled
shot gun in his hand and Carris his
revolver. A few moments later Carris
lay dead by the roadside, with a
gaping wound in his breast and left
side, while Ravo was shot twice. He
will probably die.

Wrecked Descending Ute Pass.

Colorado Springs, June 30.—An ex-
cursion train on the Colorado Midland
railway, coming down Ute Pass from
Cripple Creek Sunday, struck a broken
rail and seven cars were wrecked. F.
M. English, a musician of this city,
was instantly killed and 36 other per-
sons were more or less injured, and
three or four of them probably fatally.

In Market for Texas Butter.

Austin, June 30.—State Purchasing
Agent Dodge has announced that on
account of the tax of 10 cents per pound
placed by congress on oleomargarine
state institutions will discontinue its
use and he will soon be in the market
for 100,000 pounds of Texas butter.

Powell Refuses to Accept.

Hutchinson, Kans., June 30.—F. S.
Powell, nominated by Populists and
Democrats for state superintendent of
public instruction, has withdrawn.
Powell said, "I am a Republican and
I have been for a number of years. My
nominatation was without my knowledge
and I shall not run."

Automobiles Run from Paris to Vienna in Fifteen Hours.

Vienna, June 30.—The Paris-Vienna automobile race covered the distance from Paris to Vienna in 15 hours and 22 minutes, at an average speed of 82 kilometres (about 51 miles) an hour. Three of the contestants claim to have won.

Renault passed the winning point precisely at 2 o'clock, but he was disqualified for failure to stop at the control station at Florisdorf, a suburb of Vienna, across the Danube, where the final racing time was to be taken. Instead he dashed madly through the crowd of officials and timekeepers and entered Vienna at full speed, scattering vehicles and pedestrians in all directions and arriving at the Prater in 18 minutes instead of the prescribed minimum of 45 minutes from Florisdorf.

Zeborowski, although he arrived at 2 o'clock, is believed to be too heavily handicapped by his previous performance to win first place. It is expected that Maurice Farman will attain the coveted honor, his brother Henry coming second.

AGREED ON THE BILL

Conferees Settle the Philippine Civil Government Measure.

COINAGE IS CUT OUT

Neither House Would Recede from its Position, So the Entire Section Eliminated—Territorial Legislation is Moderated.

Washington, June 30.—The conferees of the two houses of congress on the Philippines civil government bill have practically reached an agreement.

The understanding provides for the elimination of the coinage question from the bill, thus postponing that question to another session for independent action. The senate conferees held out for their silver standard provision and house men were just as firm in their contention for the gold standard.

The house provision for territorial legislation is sustained in a moderate form.

Democratic members of the conference were not at the forenoon session, but it is believed they will not be able to change the agreement.

The house agreed to the Buffalo appropriation, but refused to agree to the Charleston appropriation.

The Senate.

Washington, June 30.—When the senate convened today Mr. Gallinger, of New Hampshire, chairman of the committee on pensions, made a brief statement showing that during the present session 10,070 bills relating to pensions were introduced in the house and senate, and the total number passed by both senate and house was 1151.

A resolution offered by Mr. Morgan calling on the secretary of state for a statement of expenditures of the isthmian canal commission, was adopted.

The senate insisted on its amendment to the naval appropriation bill and the following conferees were named: Messrs. Hale, Perkins and Tillman.

Bills were passed as follows: To prohibit killing or taking of seals, porpoises, whales or marine animals or fish of any kind in waters of the United States by means of explosive materials; to extend time for construction of a bridge across Corpus Christi channel, Texas, by the Aransas Harbor Terminal Railway company.

Mr. Elkins of West Virginia, then addressed the senate in support of his resolution providing for annexation by the United States, of the island of Cuba.

The House.

Washington, June 30.—When the house met at 11 o'clock this morning Mr. Payne of New York, the majority leader, asked unanimous consent to the Hepburn rule requiring the printing of conference reports in the Record before consideration should be suspended for the remainder of the session. To this Richardson, the minority leader, objected.

Mr. Cannon of Illinois, chairman of the appropriation committee, called up the conference report on the general deficiency appropriation bill. The report left in dispute amounts aggregating \$1,905,000, including appropriations for the Buffalo and Charleston expositions and \$1,000,000 for payment of Hawaiian claims. The report was adopted and Mr. Cannon moved the house further insist and ask for a further conference.

Mr. Alexander of New York, asked a separate vote on the appropriation of \$500,000 for the Buffalo exposition; Finley of South Carolina for one on appropriation of \$160,000 for the Charleston exposition; Burton of Ohio upon the appropriation of \$25,000 for improvement of Ohio river from Cairo to Mound city, and Cannon himself upon the appropriation of \$1,000,000 for payment of Hawaiian claims.

Tragedy Over Fro Water.

Huntsville, Ala., June 30.—Details of the tragedy at Monrovia, Ala., have reached here. As the result of a dispute over the free use of water from a well Johnson Boyd was instantly killed and his wife slightly wounded. Robert Johnson and Fred Stephens came to Huntsville today and surrendered. Stephens says he killed Boyd with a shotgun and that Mrs. Boyd received a pistol shot in the arm at the hands of Johnson.

Quiet at Cape Haytien

Cape Haytien, June 30.—Street fighting here Sunday between partisans of Firmin, former minister of Hayti, and General Alexis Nord, minister of war of the provisional government, both of whom are candidates for the presidency of republic, ceased at 7 p. m. The followers of Firmin sought refuge on a Haytien warship where also were assembled various consuls. Peace seems reestablished here.

Wreck on Texas and Pacific.

New Orleans, June 30.—The Texas and Pacific passenger train which left this city westward bound Sunday evening, ran over a horse near Boyce, La., throwing the engine and tender from the track. Engineer J. Engle, Fireman George Bealer were both buried beneath the engine and crushed to death. None of the passengers were hurt.

Land Sale at Kansas.

Austin, June 30.—Land sales and leases for the month of June for the university, blind, deaf and dumb and orphan asylums, amounted to \$123,877.06.

STILL IMPROVING.

The King's Condition Is Announced as Satisfactory by Physicians.

London, June 30.—The sanguine impression created by doctors' reports Saturday and Sunday are maintained by salient cases in today's bulletin which said, "No bad symptoms of any kind."

At noon following official statement was given out at the palace:

"There is no cause for alarm in the distress caused by dressing the wound."

"This occurs at least twice daily. The wound, which is of considerable depth is dressed from the bottom, and it is essential that it should heal from within outward. Dressing causes his majesty considerable pain, which he has borne with great fortitude. In fact, his majesty's courage and patience call for the greatest admiration."

"The queen is in constant attendance in sick room, but utmost quiet is enforced."

"The king occasionally sees his children, but interviews are of short duration."

"No matters of state or business are allowed to be submitted to the king, who is also debarred from reading his correspondence."

"Neither Doctors Laking, Barlow nor Treves have left the palace since the operation, except for an occasional hour."

This statement was issued with a view of correcting numerous unfounded stories published with circumstantial detail regarding what is alleged to transpired in the sick room.

Cheerfulness of the public is apparently fully shared by members of the royal family. The prince of Wales goes out riding and both he and the princess witnessed from the palace windows with evident interest the march past of the guards.

The stock exchange has reopened with a very strong tone on satisfactory news regarding the king's condition.

Colonial Conference.

London, June 30.—The colonial conference opened this morning in the secretary of state's room in the colonial office. The premiers of self-governing colonies were present and Colonial Secretary Joseph Chamberlain presided at the sitting which was of purely preliminary character. The conference was secret. After two hours' session the conference adjourned to July 4.

BOGUS COIN AND PLATES.

Workmen Make a Valuable Find in an Old Den at Chicago.

Chicago, Ill., June 30.—In a long abandoned counterfeiters' den at West Van Buren and Halsted streets, \$15,000 in bogus coin and currency and a complete counterfeiters' outfit, including plates for making \$1000 bills have been found in a secret vault. The discovery was made by a workman engaged in tearing out the interior of the building and caused a sensation in the neighborhood. A detail of police was called to prevent a mob of hundreds of people from looting the chamber of its spurious wealth. According to Captain Porter of the United States secret service, the money was cleverly coined and printed and would defy detection by most experts.

Killing at Dallas.

Dallas, June 30.—Charles Smith, clerk for the National hotel, at the corner of Griffin and Camp streets, was shot and killed in that hotel Sunday morning. The weapon used was a pistol, and there are four bullet holes in the body. In the county jail Will Irby is a prisoner, held to answer the charge. He was on his way to the jail to give himself up, when an officer arrested him.

Killed at a Dance.

Guthrie, Ok., June 30.—While attending a dance near Jefferson City Luther Vincent, a young man of prominence in the county, was shot and killed. Four shots were fired into the room where the dancers were mingled. The four shot struck Vincent's arm and glanced, penetrating his heart. He died instantly. N. S. Thomason was arrested.

Street Car Overturned.

Denver, Colo., June 30.—Eleven persons were injured, four of them seriously, by the overturning of a street car. The accident occurred at a curve, owing to the track being slippery from rain. The seriously injured are: Mrs. F. F. Wesel, Mrs. W. E. Rogers, Lena M. Houghton and Celestia Doxier.

Wreck on the Frisco.

St. Louis, June 30.—A section of a passenger train on the St. Louis and San Francisco railroad, which left Sunday evening for Texas points, was derailed at Mincke, a few miles west of this city, and two laboring men who were beating their way to Streatorville, Mo., on the blind baggage, were killed.

Sargent Takes His New Position.

Peoria, June 30.—Frank P. Sargent has left Peoria for Washington to assume his duties as commissioner of immigration. He will be succeeded as grandmaster of the Brotherhood of Locomotive Firemen by John Hannahan, the present first grand master.

Damage About Alton.

St. Louis, June 30.—A low estimate placed on the damage wrought within a radius of 150 miles of Alton, Ill., by the storm and rain that prevailed Saturday night and Sunday is \$1,000,000.

Illinois Prohibitionists.

Peoria, Ill., June 30.—Prohibitionists are gathering in large numbers for their annual state convention here. A lively fight is predicted on the question of the platform.
